KastleVisitor®

THE WORLD'S MOST EFFICIENT VISITOR MANAGEMENT SYSTEM

ENHANCED BUILDING SECURITY

Enable advanced notice of expected visitors, tight control of access timeframes, and use a built in Watch List to identify unwanted and VIP profile individuals.

FAST VISITOR PROCESSING

Streamline and expedite the visitor registration process from check-in to credential management, with convenient integration via Microsoft Outlook and Google Calendar.

IMPROVED PRODUCTIVITY

With the ability to control doors, elevators and more from the front desk to expedite visitor processing, your security personnel can focus on service and security.

EASY VISITOR CHECK-IN WITH BARCODE

Send a barcode to allow pre-authorized visitors to instantly check in at the front desk or via a self-service kiosk.
