## **Kastle Systems Ranked in 2019 SDM 100 for Ninth Straight Year**

*Continued Growth has Propelled the Managed Security Provider to #13  
in the Industry Ranking, Its Highest Since First Appearing in 2011*

**FALLS CHURCH, VA (May 21, 2019)** – Kastle Systems International, the industry leader in managed security solutions and services, has been included on the 2019 SDM 100 list for the ninth consecutive year. In this, the 29th annual installment of the rankings, Kastle moved up to #13 on the list, one position higher than in 2018.

The SDM 100 Report ranks U.S. companies that earn their revenues from the sale, installation, service and monitoring of electronic security systems — such as intrusion and fire alarm, access control, video surveillance, and related low-voltage systems — to residential and non-residential customers.

The list is featured in [SDM's May issue online](#). As stated in the article, the primary objective of the [SDM 100 Report](#) is to measure consumer dollars gained by security companies, in order to present an account of the size of the market captured by the 100 largest providers.

“The Kastle family is again proud and honored to receive this recognition for the ninth year in a row,” says CEO, Haniel Lynn. “This achievement reflects the innovative thinking, hard work and dedication to customer service that our employees bring to the job every day.”

### **About SDM**

SDM is the leading Media outlet serving the North American security channel. SDM provides management and technical professionals with a comprehensive overview of the security marketplace.

### **About Kastle Systems**

Kastle Systems has been leading the security industry since 1972 with advanced managed security solutions and services, protecting the who's who of commercial real estate, distinguished global retail brands, leading global enterprises, educational institutions, and critical government facilities. Named the *Systems Integrator of the Year* for outstanding innovation and customer experience by SDM, the industry's leading trade publication, Kastle protects more than 2 million people across 10,000+ locations globally. Kastle's state-of-the-art security solutions include access control, video surveillance, visitor management and identity management, as well as a suite of mobile security applications, all integrated on an open, standards-based platform and supported by a team of experts 24x7x365. Headquartered in Falls Church, Virginia, Kastle is consistently ranked the #1 Security Provider in DC by the Washington Business Journal and is on CIORevue's 2018 List of Top 10 Physical Security Providers. Kastle also has offices in Atlanta, Austin, Chicago, Dallas, Houston, Los Angeles, Miami, New York, Philadelphia, San Francisco and Sydney, Australia. The Kastle Systems International family of security brands includes Kastle Systems, Mutual Security Services, Stat Land Security Services, CheckVideo and Urban Alarm.
